Credentials - June has personally trained and shown 21 different dogs to a CD. (11 Borzoi, 4 Weims, 2 Labs, 1 Whippet, 1 German Shepherd, 1 Husky/Aussie mix, and 1 Pom). 13 earned their CDX, 6 earned UDs, 2 UDXs, and 1 an OTCH. In addition to winning many Specialty and Natl Specialty High In Trials, she won *all breed* High In Trials with 4 different Borzoi, 1 Weim, 1 Lab, and her Pom. She won Dog World Awards (finishing title in first 3 trials, all with scores of 195 or above) on 3 Borzoi, 1 Weim, and the Pom. No perfect scores, but she has 199s on 3 different Borzoi and the Pom, plus another Borzoi had a 199 1/2 once.

June's philosophy - "My dogs are my pets first. I train what I have. My own personal goal is a qualifying performance with reasonable accuracy and a decent attitude. *If I can be successful at obedience, SO CAN YOU!*"

June has taught obedience classes to the general public since the early 1980s.

What will be covered? This is a working seminar open to a very limited number of people and their dogs. It's for newcomers to the sport *as well as* those already competing in the novice levels of obedience and rally who want to improve their performance. Some advanced rally and obedience exercises will also be covered, time permitting and depending on the need. The *focus is on the novice levels* with demonstrations, run throughs, and problem solving. Training, rules, ring etiquette, and handling will be covered.
